Progression anglais au Cycle 3

Les activités qui composent ce dossier visent à familiariser les élèves au lexique d'une seconde langue tout en respectant les structures grammaticales. La progression proposée correspond à la nécessité de fournir en priorité les outils langagiers qui permettront de satisfaire cette demande.

Il est bien entendu que l'enseignant reste maître de ses choix et peut, à tout moment, modifier l'ordre suggéré.

OBJECTIFS

À l'oral

- Entrée dans la langue en réactivant des structures acquises au Cycle 2 (chansons connues, jeux de rôle...)
- Élargissement du champ lexical
- Découverte de nouvelles notions à partir de schémas, de flashcards, d'activités ludiques...
- Appropriation phonologique passant par la répétition collective puis individuelle, permettant de mettre en évidence des sons difficiles
- Imprégnation des structures langagières par le jeu de questions/réponses, enquêtes...

À l'écrit

- Copie de mots isolés ou de textes courts
- Réponses à un questionnaire
- Production de manière autonome de quelques phrases

MATÉRIEL

- Fiches élève n°s 1 à 22 (p. 38 à 59)

Évaluations

Des évaluations à l'aide de tests simples pourront être sélectionnées parmi les exercices proposés (p. 38 à 59). L'enseignant pourra ainsi vérifier si l'élève a atteint le niveau A1 adapté à l'enfant. Certains items pourront être validés sur le livret d'évaluation tout au long du Cycle 3.

► PRATIQUES DE L'ORAL

■ Quelle que soit la progression choisie, un point commun existe : la nécessité de donner la priorité à la communication orale. Avant d'introduire une notion nouvelle, il faudra donc poser des questions qui seront adaptées aux compétences des élèves et valoriser ceux qui rencontrent le plus de difficultés en revenant sur les thèmes abordés au cours des leçons précédentes.

Une notion a besoin d'être revue et réutilisée dans des contextes différents afin d'être réellement intégrée.

■ Le travail oral va permettre :

- la mise en place de compétences de communication;
- une expression orale semi-libérée et une diminution des inhibitions;
- un emploi réel de la langue en situation de communication.

■ Chaque séance devra commencer par un accueil en langue anglaise : les élèves échangent des civilités puis, après les premières séquences, des considérations sur le temps et la date, sur les vêtements qu'ils portent, le décor de la salle de classe, la santé, le week-end et les vacances...

Structures linguistiques
